

A **Comprehensive Resource** for Mission Critical Technology, Cyber, Training and Intelligence Solutions

Welcome to Seneca Solutions

Seneca Solutions leverages its management expertise, relationships, past performance, and operational capacity to support federal agency missions both domestic and international at the prime and subcontract level. Seneca Solutions was formed in 2010 as a Tribally owned, Native American 8(a), Small Disadvantaged Business (SDB) certified by the Small Business Administration.

Seneca Solutions is backed by a \$100 million parent company, Seneca Holdings, LLC, which is owned by the Seneca Nation of Indians. This financial backing provides Seneca Solutions the stability to confidently assert that we can meet the ongoing requirements of our clients in ways not normally available to small businesses.

Our mission is to be the go-to partner for federal government agencies needing support to achieve their short- and long-term goals. We strive to consistently exceed customer expectations and maintain a strong ethical and rewarding relationship with our clients, partners, employees, shareholders and suppliers.
